Ray Ronan
Quality Manager \ MT-PT Level III
Metal Improvement Co. \ EM Coatings Services
2172 Old Highway 8 NW
New Brighton, MN 55112

Dear Ray,

The following products are compliant with RoHS (Restriction of Hazardous Substances) requirements based on our current knowledge of the allowable composition and the information available to us from our raw material suppliers. However, no analytical testing is conducted to identify trace levels of RoHS prohibited substances.

PRODUCT:	STATUS
Evershield® EC-N-501L	Compliant

Regards,

Charles J Beall
Business Unit Manager | CWST Group Technical Director
